Objective

To secure a responsible position in an organization to apply my technical skills and to expand my learnings and contribute to the organization growth. I am also an effective communicator and collaborator, able to work across functional areas to achieve shared goals with a passion for entrepreneurship and a deep interest in emerging technologies.

Education

Raghu Engineering College, Visakhapatnam

2020 – 2024

Bachelors of Technology in the stream of Data science

CGPA-8.40

Gayatri Junior College, Srikakulam

2018 – 2020

Intermediate in the stream of MPC

CGPA-9.5

Vivekananda High School, Palakonda

2017-2018

Secondary board of education

CGPA-9.3

Technical Skills

Languages/Database: Python, SQL, Machine Learning

Web Technologies: HTML, CSS

Software Tools: Power BI, VS Code, PyCharm

Experience

Data Science Intern at SmartKlower

June 2022 - July 2022

- Learned and Implemented Numpy, Pandas, Matplotlib, Python using Machine learning algorithms
- Working on a Machine Learning Project Using Python.
- learn how to interact with team members

Power BI Developer at Absolin Software Solutions

- Learned and Implemented Numpy, Pandas, Matplotlib, Python using Machine learning algorithms, Power BI, SQL
- Working on SQL queries and Excel data.
- learn how to interact with team members

PROJECTS

EMOTION SYMPHONY: | Deep learning, MySQL, OpenCV, Flask

2024

- capture human emotions based on emotion to play song. here i was developing by deep learning algorithms to develop

RICE GRAIN CLASSIFICATION :- Deep learning

2023

- This project proposes is based on rice grain image to identify the what type rice it is.

TOXIC COMMENT PREDICTION | Machine learning

2023

- This project proposes is based on collection of words to identify the toxic words.

SALES DASHBOARD | Power BI

2024

- based on sales data to analysis the feature of data and visualizing data and forecast the total sales data. This project proposes is easy to identify the whats going on that particular sales data.

CERTIFICATIONS

- Data Science - SmartKlower
- Data Analytics - AICTE
- Data Structures And Algorithms Using Python - NPTEL
